Corey Rutherford

Streets:

Heath Miller
Corey Rutherford
John Fransen

Water/Wastewater:

Donovan Adson
Heath Miller
John Fransen

Water/Wastewater

Superintendent:

Craig Larson

Council Notes...

Recycling: The City recycling receptacle will be moving to a new location to the lot North of the City Building. Contaminated items disqualify the loads. Plastic bags, pizza boxes, plastic oil jugs, gas cans, pet food bags, litter boxes need to go in for routine garbage pick up. Plastic bags are considered "tanglers" for the equipment when bailing. Please remember - when in doubt just throw it out. Do not put it in for recycling as it can disqualify the entire batch and be a hazard for those doing the sorting.

Snow Removal: Please keep the streets clear for snow removal and Emergency Equipment to get through.

Voting: The Webster County Auditor has made the decision to move the City voting site to the Badger Fire Station. Reference was made to the census numbers in Newark Township, expenses on equipment and lack of workers available to work the polling sites. As of this point it is considered a "temporary" move until the redistricting has taken place. The *City of Vincent had no part in this decision making process.* Voting options will be at the Webster County Court House up to the day prior of election day or in the Badger Fire Station on election day. Please take time to vote as this is an example of how quickly things can change.

Property for Sale: The City has several lots available for purchase. **School Street Addition** guidelines are available on the City

web-site. Please keep in mind, there is a 5 year tax abatement program - this is available for any resident that meets the guidelines - including new structure or costly renovations.

Anyone interested may contact the City Clerk, Council Member or Mayor for details.

Wishing you a Safe & Happy Holiday Season!

Community Service & more...

A big Thank You to all of the **Volunteers** in the community that put the cause before themselves. Keeping things balanced takes not only discipline but faith for a better tomorrow. We truly are one big family - **take care, be safe and be kind.**

Recycling information is available on line at ncirswa.org or call 515.955.2781. You can also access it through the cityofvincent.org web-site. Building permits are required prior to the start of any new structures. It takes two Committee members to

sign off on a permit before submitting it to the City Clerk. It is the property owners responsibility to know where their property lines are located.

Also, please remember to contact One Call before you start any projects that require digging.

City posting sites: Post Office, City Hall Door, New Coop & cityofvincent.org
